

PLYMOUTH COMMUNITY SCHOOL CORPORATION

HEALTH SERVICES

Health services at _____ are provided by a full time registered nurse. All medications, except inhalers and emergency allergy kits, must be kept in the nurse's office. The nurse will administer acetaminophen (Tylenol) or ibuprofen (Advil) if the student has a signed permission form on file. Permission slips for Tylenol or Advil administration must be done each year if you wish to have the medication administered at school.

PERMISSION TO GIVE TYLENOL OR ADVIL

In the event my child requests acetaminophen (Tylenol) or ibuprofen (Advil) for pain relief, the school nurse or designated personnel may administer the recommended dosage of medication to my child as indicated below. My child is not allergic to this medication.

Permission to give: Please check one or both

acetaminophen (Tylenol) _____ ibuprofen (Advil) _____
